OIL PRESS MACHINE

OIL PRESS MACHINE

In today's conditions, the importance and use of vegetable and natural oils have increased with the emergence of new types of diseases and the change in lifestyle, the development and change of technology. Today, among plant seeds,

there is a formula for both curing diseases and leading a healthy life. Thanks to the **Oil Press Machine**, these seeds can be turned into oil by squeezing. You can extract the oil of many plants such as black cumin, sunflower, sesame using an **oil press machine**.

OIL EXTRACTION MACHINE

By using the **Oil Extraction Machine**, you can extract the oils contained in the products. With the high-intensity squeezing process (inverter speed control), you can easily lubricate products containing oil with different hardness ratios.

The **oil press machine** can be preferred by any medium or high-sized manufacturer, as it provides oil extraction by compressing essential oils without losing them. It is used to extract oil from seeds in many places, including spice shops, platforms providing service to herbalists, herbal product companies, oil production facilities, pharmacies.

100% Customer Satisfaction !

Our **oil press machines** that we produce are professional, fast and durable, focusing on the satisfaction of our customers. Our working principle is to act and provide solutions by considering the efficiency that our customers will receive. We always aim to provide you with the best service for both the **oil press machine** and the supply of spare parts. Against the **oil press machine** demands of our customers, we are working to ensure that the products are delivered as soon as possible and that they can operate the production staff quickly.

The **press oil machine** is ideal for production facilities to double production and ensure consistent performance over a long period of time. The **oilpress machine** can operate in both semi-automatic and automatic versions in a consistent circuit. These machines are approved, tested for all types of commercial oil refining uses.

Professional Oil Press Machines

The **oil press machine** manufactured by Ulimac is equipped with features that can assist advanced oil refining, pressing and extraction without intervention. It is easy to use and compact in shape and size to take up less space. **Oil Press Machines** have full protection equipment. This protection feature also makes the operation of the machines safer. **Oil press machine** is available in automatic hydraulic press and rotary press types.

The **oil press machines produced by Ulimac** have multiple features. The oil press machine is available depending on the requirements and model selections. In terms of hardware, the main components of pressed oil machine are Engine, Pressure vessel, Pump, PLC, Gear, Bearing, Motor, Gear Boxes etc.

Equipped with Another important feature is that it provides energy savings of up to 40%.

Our journey started in Turkey is to boost Worldwide

Ulimac Machinery in Turkey, is a manufacturer of food processing machinery. Our food processing machines that we manufacture with our engineers and expert staff are used safely all over the world. We manufacture our machines in accordance with the required techniques and quality standards and ensure their shipment to all over the world.

The machines consisting of feed hopper, reducer and motor, bearings, squeezing chamber, press shaft, pressing head and other high quality components are suitable for industrial, retail, laboratory and home use. We also provide the best solution for high capacity production needed in factories. You can contact our customer representatives to get further information and price

quotes about our machines. We will be glad to provide you with the best solutions.
